At the moment, General Meeting should take place as planned in September (12-13.09.2020).

All previous bookings hotel rooms by the delegates and officials for the canceled GM in Paris were transferred to the new dates of the GM in September. Thanks to the efforts of the French Federation of Dance (FFD), especially Mr. Jean François Dekhil, the official hotel has finally agreed not to charge the bookings for the delegates and officials, who will not be able to participate in the GM in September. The WRRC office will coordinate all these bookings directly with the hotel. f

4.2. Online activities of WRRC

On all WRRC competitions, in the rounds with more than two couples on the floor (simplified judging, 3-4-5 couples), only the starting number will be shown on the screen, without any additional information

For the formations, the choreography name will be shown together with the other information (starting number, formation name, country). Choreography name will be announced through the Registration Software during the announcement of the formation on the competition in question and can be changed from competition to competition.

4.4. New online education modules

Work on the project shall go on as planned because there is a demand for the new education modules about acrobatics. The budget was already allocated for this project.

4.5. Boogie Woogie Raising Stars Class

PdIT has prepared the new rules for the Boogie Woogie Raising Star Class. There are still some open questions regarding the points for the judging criteria in the judging system, as well as the registration system for this category (who can be registered in this category, right for the participation on the World and European Championships and so on).

(221) PdIT will clarify all open questions with the Boogie Woogie Commissioner, Aina Nygard, and prepare the final version of the rules for the Boogie Woogie Raising Stars Class.
