

WRRC

WORLD ROCK'N'ROLL CONFEDERATION

WORLD ROCK'N'ROLL CONFEDERATION

WRRC

WRRC is the international sport federation

governing all aspects of the sports of Rock'n'Roll, Rock'n'Roll Acrobatic, Boogie Woogie, Lindy Hop, Bugg and Trio Swing worldwide.

WRRC is an associated member of the World DanceSport Federation (WDSF) and via WDSF connected to Sport Accord, the International Olympic Committee (IOC) and sports forum of the European Union.

HISTORY

1974

The first modern Rock'n'Roll dance competitions in Europe were organized by a group of four countries - **France, Germany, Italy and Switzerland.**

1984

After a number of large championship events, and many years of negotiations and collaborations, **the World Rock'n'Roll Confederation finally came into being.** The agreement on the formation of the new umbrella organization was signed in Zurich.

1994

Since 1994, the WRRRC has been an associate member of the **World DanceSport Federation (WDSF).**

GOALS

To promote **physical training and health**

To contribute to **children's physical development and education worldwide**

To organize **high level international sporting events** in Acrobatic Rock'n'Roll and Boogie Woogie

To popularize Acrobatic Rock'n'Roll and Boogie Woogie around the world and **to make it appealing to youth**

To maintain transparency and fairness of the **sport and the judging system**

To include Acrobatic Rock'n'Roll in **the Olympic program**

MISSION

To develop, popularize and administer the Rock'n'Roll sport across the world providing comprehensive training programs and high level competitions and to sustain its core values while keeping up with modern sports development trends.

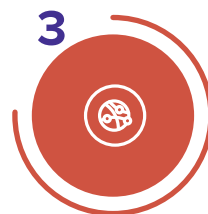

VALUES

FAIRNESS

RESPECT

GLOBALIZATION

INTEGRITY

TRUST

**PASSION FOR SPORT
AND MUSIC**

MESSAGE FROM PRESIDENT

«...»

The Vision of WRRRC is to really become a global federation. Rock'n'Roll sport has been gaining its popularity among young people across the world and it has all chances to be presented at great multi disciplinary sport events including the Olympic Games. This is one of the WRRRC ambitious goals.

In 2012 we have started with WRRRC expansion project which includes the introduction and activation of ARR and BW worldwide. Since then the WRRRC has become a confederation which members are located on more than 5 continents and the level of WRRRC events has improved significantly due to high organizational standards.

Together we can create a perfect puzzle – dancers, trainers, officials, organizers, supporters, visitors, sponsors and governing bodies – we are all a piece in a puzzle called Rock'n'Roll!

MIRIAM KERPAN IZAK

ACROBATIC ROCK'N'ROLL – IS IT A ROCK'N'ROLL FROM THE 50'S?

Acrobatic Rock'n'Roll is a **mix of fast-moving and dynamic dance** and acrobatic elements performed to Rock'n'Roll music. Since the 1950-s it has developed into a sport which has little left in common with original Rock'n'Roll.

Modern Rock'n'Roll is a sport where high-precision movements are carried out at a great speed and which brings the spirit of a spectacular show to the audience.

ROCK'N'ROLL and KIDS

ARR develops sense of rhythm, flexibility, creativity, athleticism, imagination, coordination of movements, physical strength, mental training, hard work, sense of music, discipline.

5 reasons WHY a kid will enjoy ARR trainings:

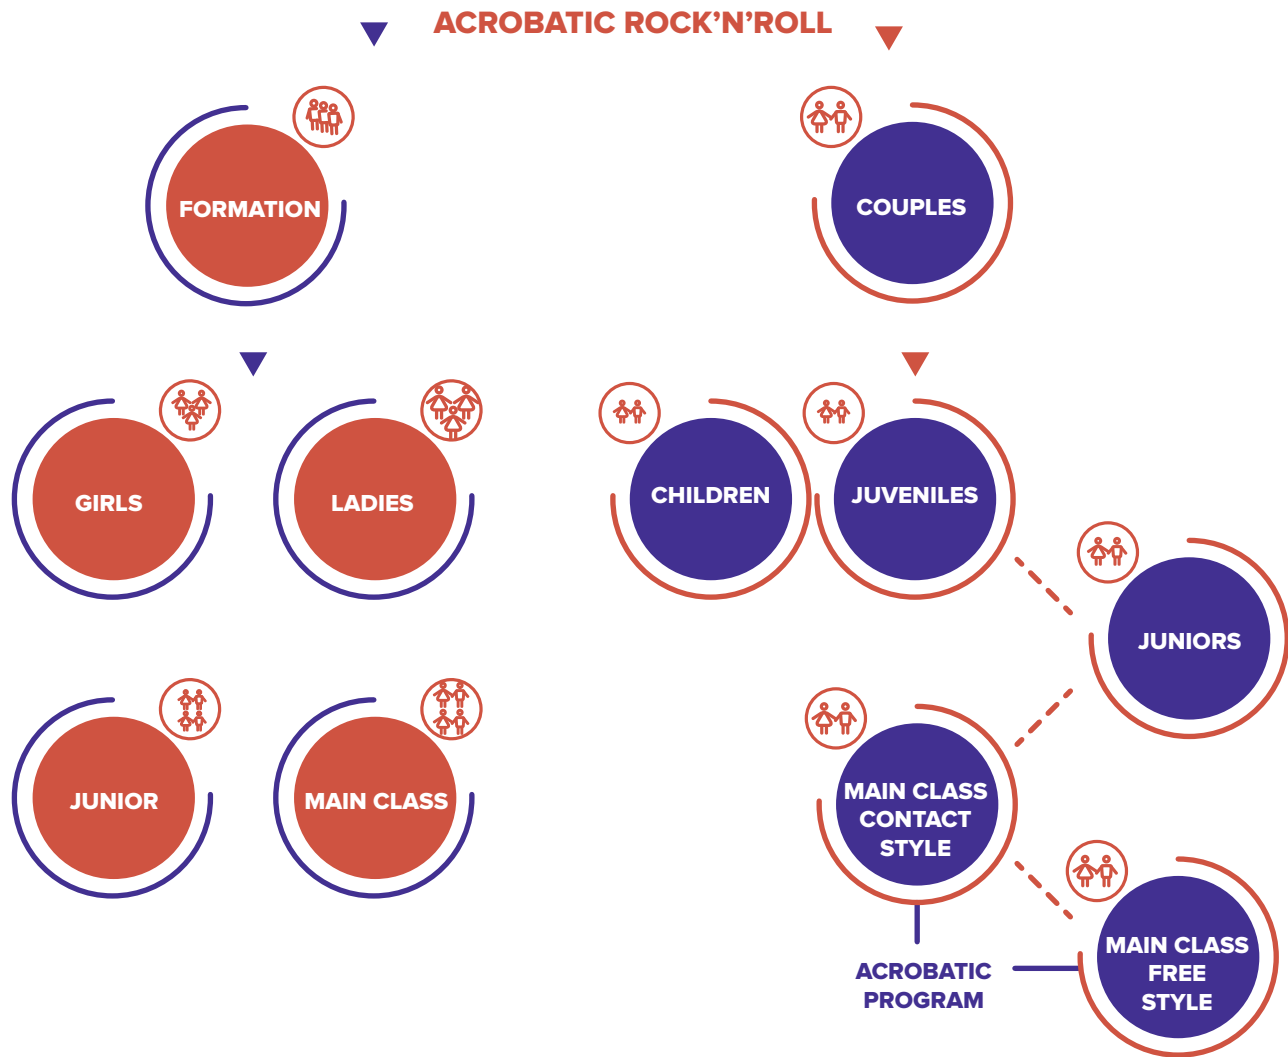

- ▶ An opportunity to make new friends
- ▶ Great change of the atmosphere after school
- ▶ Traveling to other countries for competitions with friends
- ▶ A chance to become a national or even international champion
- ▶ Gaining confidence in communication with the opposite sex

BOOGIE WOOGIE

Boogie Woogie is characterized by fast footwork and lack of choreography. It is a “led” dance requiring harmony between the couples, and is danced to the hot rhythms of the 1940s and 1950s.

As a competition dance, Boogie Woogie mainly differs from Rock'n'Roll in that it has no practiced choreography.

EXPANSION FAQ

What are the minimum requirements to join the project?

There are no strict requirements to join the project. You must be interested in the development of this sport in your country, have a possibility to attract the audience of future coaches and athletes, to organize and coordinate classes for them, to find or to become a leader who will be ready to administer the training process, national and international competitions questions etc.

What kind of physical conditions should an athlete have to start ARR?

It depends on the category in which an athlete decides to train. As a rule, normal physical condition will suffice in order to start trainings. For those aiming at Main class performances it will be an advantage to have gymnastics, acrobatics or trampolining experience.

Do I need a special classroom for such trainings?

No, you don't need a special classroom until you start practicing high level acros. In this case you will need a place with high ceiling, at least 6 meters.

Can I become a member of the WRRRC if there is only a small group of people training in ARR in my country?

Yes, you can. You should have a registered legal entity (a club, federation, association) to become a member but it doesn't matter how many people are inside.
